## TOLL AND LONG DISTANCE SERVICE

#### Station to Station Service

# FROM ONE TELEPHONE TO ANOTHER

This service is the connection of one telephone station with another telephone station at a distant toll point.

To obtain this form of service, tell the long distance operator that you will talk

with "anyone who answers."

Charges on Station-to-Station calls may be reversed (at Day, Evening or Night rates) if the initial period rate is 25 cents or more, provided "anyone" answering at the called station accepts the charge. If the initial period rate is 20 cents such a reversed call is accepted at the 25 cent rate. When the initial rate is less than 20 cents, reversal of charges is made only under the corresponding Person-to-Person rate.

If the request for reversal of charges is not accepted as above, and the call is cancelled, then the regular Report Charge applies as under Person-to-Person service.

Station-to-Station Day Rates—4:30 A. M. to 7:00 P. M.

Station-to-Station Evening Rates—7:00 P. M. to 8:30. P. M.

Approximately 75 per cent of the day rates, but with no rate reduced below 35 cents.

Station-to-Station Night Rates—8:30 P. M. to 4:30 A. M.

Approximately 50 per cent of the day rates, but with no rate reduced below 35 cents.

Rate applying at time a connection is established applies to the entire message.

The time at the originating end, when connection is established, governs the charge.

#### Person to Person Service

# FROM ONE PERSON TO ANOTHER

All Hours, Day or Night. This service differs from the Station-to-Station service in that a particular person, or particular extension of a Private Branch Exchange, is called for instead of "anyone who answers the telephone" at the distant end. The rates for this service are not reduced during the evening or night hours. Charges for this service may be "reversed" or collected at the distant station if accepted by such station.

Owing to the fact that the Company may be unable, for reasons beyond its control, to complete calls for particular persons or P. B. X. stations, this class of call is accepted only with the understanding that a Report Charge will apply,

under the conditions outlined below, if a chargeable conversation does not result.

Person-to-Person Call Rates are about one-fourth greater than the Station-to-

Station Day Rates.

Appointment Call Rates are about onefifth greater than the Person-to-Person call rates. An appointment call is one on which connection is to be established at a specified time set by either party. Report Charges apply.

Messenger Call Rates are the same as those for Appointment calls plus a charge for messenger service required to notify the desired person to come to the telephone. In case the desired person cannot be secured, a Report Charge plus the Messenger Charges must be paid.

Reversed Charges—Messages or calls on which charges are to be "reversed," or collected at the distant end.

If you desire the charges reversed you should advise the operator when you place the call. If the called party refuses to accept the charges a Report Charge will be made unless the call is then completed as a Person-to-Person paid message.

Report Charge. A charge of approximately one-fifth of the Person-to-Person

rate to the point involved is made if communication cannot be established on Person-to-Person, Appointment, Messenger or Reversed Charge calls for reasons beyond the Company's control.

No Report Charge is made if the call is completed nor in case the report returned is "busy," "out of order," or "don't answer," as applied to the called station.

For Additional Information call "Long Distance."

#### **General Information**

Request for Charges. If you desire to be told the charge on any message, it will save time if you so advise the operator when you place the call. In the case of reversed charge calls it is important that you make the request when you agree to accept the charges. Otherwise considerable delay will result while she obtains the rate and computes the charge.

Bills for Toll and Long Distance Service cover the charges for one month preceding the date of the bill.

Report all Complaints of Long Distance Service to the "Long Distance Chief Operator."

# INFORMATION ABOUT TELEPHONE SERVICE

Subscribers Will Find It to Their Interest to Familiarize Themselves with the Contents of These Pages

Exchange Service. Business service is furnished for use of subscribers and their employes only in their business and for such extra name users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

Service Complaints. To report any irregularity in the service, ask for the Chief Operator who will answer by saying "Chief Operator," and report your trouble to her.

To report trouble when your line or equipment is out of order, report (from nearest telephone) by asking for "Repair Clerk." Give your exchange prefix and number and the nature of trouble, if known

No liability for damage arising from errors or omissions in making up or print-

ing the directory is assumed by the Company. Extraordinary precautions are taken to avoid errors.

Order to Move Telephone. If you wish to have telephone moved, write or telephone to the manager of the Exchange with which you are connected, giving telephone number, name and address; also new address and date you expect to move, at least fifteen days before removal is desired.

Identification of Employes. All employes of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with identification cards, each card bearing the photograph and name of the employe entitled to carry it. Any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employe of the Company should inspect the credentials. Beware of bogus collectors or inspectors.

# At Your Elbow

UR obligation as a public utility requires that we make every effort to furnish service to all who apply. In doing this we constantly add to the value of our service to old subscribers by extending their range of communication. Cost levels to-day are much higher than in the past and result in more expensive plant construction, thus increasing our average capital investment per telephone, upon which a fair return in interest and dividends must be earned.

FROM the telephone on your desk or in your home it is possible to reach any one of more than 15,000,000 other telephones in the United States and Canada. It will pay you to use the service regularly, not merely in emergencies.

Get acquainted with the money and time saving features of our station-to-station long distance service. The evening rate for station-to-station calls is about 50 per cent less than the day rate, and the night rate (midnight to 4:30 a.m.) about 75 per cent less than the day rate.\*

# WHEN IN DOUBT, USE LONG DISTANCE

A business perplexity may be cleared up within a few minutes by a long distance telephone talk. When your next move depends upon the plans of some one in a distant city you can get the information desired, without delay, by use of the Bell lines. It saves time, money and worry to know exactly where you stand.

## ILLINOIS BELL TELEPHONE COMPANY

# Everywhere

## IS JUST A MINUTE OR TWO AWAY

—Even though you may not have the time, or the inclination to travel, you can always make a personal call by telephone —without leaving your office. Your party is "only a minute or two away"

## By BELL TELEPHONE

—When a trip is imperative, telephone ahead, locate your party, tell him you're coming, and when. It saves time and often prevents a wasted trip.

Be Sure—By Telephone

# WHEN IN DOUBT, USE LONG DISTANCE

A business perplexity may be cleared up within a few minutes by a long distance telephone talk. When your next move depends upon the plans of some one in a distant city you can get the information desired, without delay, by use of the Bell lines. It saves time, money and worry to know exactly where you stand.

ILLINOIS BELL TELEPHONE COMPANY
